

WITH SOFT
 OPENING

BT8312

SLIMLINE SOFT-OPEN FULL SERVICE VIDEOWALL MOUNT

Designed to make video wall installations as quick and simple as possible, this modular video wall mount can be used to create unlimited video wall configurations in both landscape and portrait format. The BT8312 low profile design is ideal for mounting into walls with a shallow recess or when space in front of the wall is minimal. 8 points of micro-adjustment makes accurate screen alignment quick and easy and the soft opening features a patent pending controlled release enabling access to the rear of the mounted screen for servicing and maintenance.

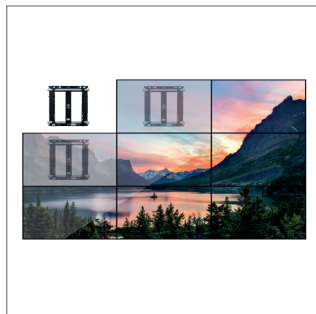

SPECIFICATION	
Recommended screen size	42"-75" (46"-75" in portrait)
Max load	110lbs
VESA compatibility as standard	200 x 100 up to 400 x 400
VESA compatibility with included adapters	up to 600 x 400*
Flat to wall depth	2.7" (+0.3" with micro-adjustment)
Popped out depth	8.76" (+0.3" with micro-adjustment)
Tool-less micro-adjustment	+/-0.3" per corner
Screen height adjustment	+1"

*Please note using the included Interface Adapter Arms to mount VESA 600 x 400 screens will increase the total depth of the product by 0.23", for a total depth of: 3" or 9" whilst popped out.

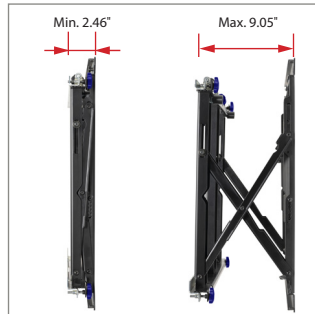

FEATURES

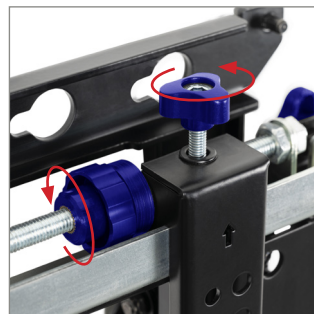

- Slim design ideal for low profile installs on walls or mounting in recesses
- Modular mount allows video wall assembly in an unlimited number of configurations
- Suitable for landscape or portrait screen mounting
- Patent pending pop-out system with soft opening provides a safe and easy service access
- Tool-less micro-adjustment of +/-0.3" at each corner for display alignment
- Features screen height and lateral micro-adjustment
- Keyhole mounting for quick and easy installation
- Suitable for both wall or pole mounting
- Screen specific wall plate spacers kits are available (separately) to speed up installation times
- Integrated locking mechanism prevents accidental pop-out of mount
- Safety screws help prevent unauthorised removal of screens
- Adapter arms for VESA 800 x 400 fixings (BT7565) available separately

Modular mount allows videowall assembly in an unlimited number of configurations
