

IDEAL FOR
 MULTI-SCREENS
 INSTALLATIONS

BT8390-VESA200F SYSTEM X™ UNIVERSAL INTERFACE ARMS

FOR SMALL/MEDIUM
 SCREENS

Ideal for single row, multi-screen installations, these interface arms are designed to mount small to medium sized screens in a fixed position along System X horizontal mounting rails. The universal design is compatible with a variety of different screens and allows them to be mounted in either landscape or portrait orientations. Leveling screws on each interface arm provides post installation height adjustment and a mounted depth of 1.88" from the wall allows easy access for cables and connectors.

SPECIFICATION

Recommended screen size	up to 47"
Max load	154lbs
VESA & non-VESA fixings	up to 200 (vertical dimension)
Depth (typical wall mounted install)	2.87"
Supplied in pairs	

FEATURES

- Ideal for menu boards and other multi-screen installations
- Universal design compatible with most screens
- Suitable for landscape or portrait mounting
- Lateral shift - position arms anywhere along the length of the rail
- Includes leveling screws to adjust the screen height
- Safety screws help prevent unauthorized removal of screens
- Simple 'hook-on' installation
